GUITAR STYLE, OPEN TUNINGS AND STRINGBAND MUSIC IN PAPUA NEW GUINEA

By
Denis Crowdy

A thesis submitted for the degree of
Master of Arts with Honours
The University of New England
July 2001
DECLARATION

I certify that the substance of this thesis has not already been submitted for any degree and is not currently being submitted for any other degree.

I certify that to the best of my knowledge, any help received in preparing this thesis, and all sources used, have been acknowledged in this thesis.
Acknowledgements

I would like to acknowledge help from stringband musicians in Babaka, Ru-runat, Medebur, Toto and Baiteta villages. In particular, the assistance and support of Gele Leana, Anthony Taule, Jeff Sawai and Arnold Dou have been crucial in researching this material; also Michael Kteng and Simon Dou who shared their time, organisation skills, friends and families.

I owe considerable thanks to numerous music students at the University of Papua New Guinea’s Faculty of Creative Arts for their enthusiasm and insight. Thanks also to David Goldsworthy and Andrew Alter; Don Niles and staff at the Institute of PNG Studies in Boroko; music staff at FCA; Michael Goddard; Gere Rupa; the rest of the Rupa family and my family in Australia.

Finally, I am indebted to my wife Gima, for providing constant support.
