FOOD IN HOSPITALS:
The patients' perspective

Jennifer Ann Ravens
MHM, BSc, Diploma of Dietetics

A thesis submitted in partial fulfilment of the requirements of the
degree of Doctor of Health Services Management of the
University of New England.
October 2006
Acknowledgements

I should like to thank my principal supervisor, Dr Mary Cruickshank for her constructive and timely criticism and for her unfailing generosity and consideration in supervision. My thanks also go to Dr Rafat Hussain for her contribution of time and expertise to the completion of this thesis. I should also like to acknowledge the encouragement of Dr David Plummer.

Special thanks go to my husband, Robert Ravens, and my family for their patience and constant support.

Finally, I should like to thank the respondents for generously sharing their experiences with me. Without their honesty and willingness, it would not have been possible to conduct the study.
Authentication

I certify that I am the sole author and that the substance of this thesis has not already been submitted for any degree and is not being currently submitted for any other degree.

I certify that to the best of my knowledge any help received in preparing this thesis, and all sources used, have been acknowledged in this thesis.
